I must apologize for not starting to draw today.

1. Definition

- 1) Protest - challenge - a social act.
- 2) Popular - common people -
- 3) Pre-industrial - period before a after turn of turn of France - Europe.
- 4) Ideology → For some (like Marx in 1845) = "false consciousness" or "mystification" }
For ~~others~~ ^{others} = broader body of ideas - a more reprehensive }
In my sense - a body of ideas + materiality }
involving social action or action }
so popular ideology is that body of ideas more just paraphrasing }
or less peculiar to the common people using = "popular action of ideas" }

Active + Passive -
But Protology may
be passive or well or
active (regularly / much
or acceptance)

as England r
France 18th-19th
in particular
press

Under these no proper movement possible until since world.
 identity belongs to spirit - ^{unity} consciousness - death -
 5. In Society divided into classes ^(but in argument - "fused" - since) for many speak of.
